

Matching Method for 2.4G Control Box with Remote Controller
Solax Charge model

Step 1: Turn on the scooter, then press and hold the open button on the dashboard (Manual fold button) for 5 seconds then release, the buzzer will keep long beeps.

Step 2: Press and hold the fold and open buttons on the remote control 2 seconds at the same time then you will hear 5 beeps, this indicates that the pairing is complete.

Step 3: Press the open (manual fold button) to stop the beeping.
